

# Mapping material topics GRI and SFB

Material topic Swinkels	First topic standard GRI Universal Standards 2021	Second topic standard GRI Universal Standards 2021	Third topic standard GRI Universal Standards 2021
<b>Circular entrepreneurship</b>  <b>Impact SFB on this topic:</b> By using resources, Swinkels creates an impact on the resilience of natural systems.	GRI 301: Materials 2016	GRI 302: Energy 2016	GRI 306: Waste 2020
<b>Water and wastewater</b>  <b>Impact SFB op dit onderwerp:</b> By extracting water from groundwater, we have an impact on the total water supply available to, for instance, drinking water and agriculture.  The effluent of the water purification plant can have a negative impact on the water quality of the receiving water. This has a negative impact on biodiversity.	GRI 303: Water and Effluents 2018		
<b>Climate change</b>  <b>Impact SFB on this topic:</b> Brewing beer is an energy intensive process and involves the emission of greenhouse gasses within the own organization and within the value chain. These greenhouse gasses have an impact on climate change, forming a worldwide problem for environment and society.  Besides greenhouse gasses, also other gasses are emitted. These gasses can negatively impact the air quality.	GRI 305: Emissions 2016		
<b>Safety and wellbeing employees</b>  <b>Impact SFB on this topic:</b> In the production and transportation process of beer and non-alcoholic beverages, dangerous situations can arise. The impact of accidents on the work floor on the health and wellbeing of our employees can be big.	GRI 401: Employment 2016	GRI 403: Occupational Health and Safety 2018	
<b>Good governance</b>  <b>Impact SFB on this topic:</b> By delivering good and responsible governance, we deliver a positive value to the society, such as responsible economic growth and an equal distribution of created value.	GRI 207: Tax 2019	GRI 2 General Disclosures 2021: 2-9 - 22 and 27 - 30	
<b>Sustainable financial growth</b>  <b>Impact SFB on this topic:</b> Our economic results and the financial growth of our organisation are important in the impact on our ambition to hand over our family company even better to the next generation.	GRI 201: Economic Performance 2016		

Material topic Swinkels	First topic standard GRI Universal Standards 2021	Second topic standard GRI Universal Standards 2021	Third topic standard GRI Universal Standards 2021
<b>Responsible drinking</b>  <b>Impact SFB on this topic:</b> Excessive alcohol use carries health risks and can have a big impact on people and society.	GRI 417: Marketing and Labeling 2016		
<b>Chain responsibility</b>  <b>Impact of SFB on this topic:</b> We have a worldwide supply chain which carries sustainability risks for people and environment.	GRI 2 General Disclosures 2021: 2-23 – 2-26		
<b>Local involvement</b>  <b>Impact SFB on this topic:</b> Our motto is 'seeing the world as our family'. Therefore, we want to work together with local residents to add local value. In that way we make sure that local communities also reap the benefits of our activities.	Disclosure specific for SFB		
<b>Sustainable innovations</b>  <b>Impact SFB on this topic:</b> The production process of beer results in co-products and residual flows which can lead to loss or depreciation of natural resources. By means of sustainable innovations we make new raw materials from our co-products.	Disclosure specific for SFB
